

# Advance Pay Tariff

Business Electricity

Applicable to customers of SmartestEnergy Business Limited.

**Effective from – April 2026**

## Our Advance Pay Tariff – Explained

Our Advance Pay service is a reliable and convenient way to control the electricity used by your business. By paying in advance for your electricity, you can better manage energy costs and business cashflow. It can also ensure you remain on supply whilst paying and outstanding balance and avoid having to pay any late payment fees.

It is a variable product meaning rates are subject to change at any time, we will notify you in advance if this is the case.

**Please note:** Prices are for guidance only and may be subject to change in accordance with our standard terms and conditions. All prices shown exclude Climate Change Levy and VAT, which will be charged at the prevailing rate.

If you are an existing SmartestEnergy Business customer, please refer to a copy of a recent invoice for specific details of your supply rates.
