

# SmartFlex Tariff

Business Gas

Applicable to customers of SmartestEnergy Business Limited.

**Effective from – April 2026**

## Our SmartFlex Tariff - Explained

Our SmartFlex tariff gives business customers access to competitive supply prices without the commitment of a long-term contract. You will have the flexibility to switch supplier at any time, should you find a better deal for your business electricity. This means you're free to leave without termination fees, provided that any outstanding SmartestEnergy Business invoices are paid.

If you have reached the end of your current contract with SmartestEnergy Business and not agreed new contract prices, you will be rolled onto our SmartFlex tariff. It is a variable tariff, and we reserve the right to change price at any time. Should a price change occur, we will provide you with advance notice.

**Please note:** Prices are for guidance only and may be subject to change in accordance with our standard terms and conditions. All prices shown exclude Climate Change Levy and VAT, which will be charged at the prevailing rate.

If you are an existing SmartestEnergy Business customer, please refer to a copy of a recent invoice for specific details of your supply rates.

## SmartFlex Tariff Rates - Gas
